## The Future.

The worst is yet to come,  
So wait the doubters glum,  
But here's the better view:  
"My best I've yet to do."  
The worst some always fear  
Tomorrow holds no cheer,  
Yet farther on life's lane  
Are joys you shall attain.  
Go forward brave's, then,  
And play your part as men,  
For this is ever true:  
"Our best we've yet to do."

Chadwick State Bank  
"Your Bank—the people's Bank."

Albert Parnell and wife were over  
from Branson the first of the week on  
business.

Judge Stewart and wife came in Sun-  
day. Mr. Stewart to be in attendance  
on the circuit court and Mrs. Stewart  
to visit friends. They are guests at  
the Hotel Forsyth.

Judge and Mrs. Skinker of Bolivar  
came in Sunday for a week or so on  
business in court. Mrs. Skinker has  
been enjoying an outing along the  
river fishing and has been pretty lucky  
in the fishing line.

Circuit court convened here last  
Monday with Judge Stewart of Ava on  
the bench. The court has probably  
transacted more business this week  
than is usually transacted in any ses-  
sion of this court. Judge Stewart is  
proving himself to be a stickler for  
business and has ground out more busi-  
ness than usually happens in the same  
length of time.

J. T. Cardwell of Long creek was  
in town the first of the week on busi-  
ness and made this office a short call.  
R. S. Branson, former circuit clerk  
and recorder of this county, has been  
in town this week as a member of the  
jury panel.

Mrs. C. H. Skinker of Bolivar and  
Mrs. Fred Stewart of Ava who togeth-  
er with their husbands are guests at  
Hotel Forsyth were complimented with  
an invitation to the beautiful home  
of Mr. and Mrs. James Weatherman  
Tuesday evening. The evening was  
pleasantly spent in conversation and  
music.

Mrs. Fred Stewart and Mrs. C. H.  
Skinker entertained with a fish dinner  
at Hotel Forsyth on Wednesday.  
Plates were laid for Judge Poge Spring-  
field, W. O. Hilman Kansas City, Lee  
B. Ewing Nevada Mo., W. P. Sullivan  
Billings, G. P. Hays Clark, I. E. Evans  
St. Louis, Judge and Mrs. Skinker  
Bolivar and Judge and Mrs. Fred Stewart  
Ava. The table was artistically  
decorated with narcissi. The place  
cards with tiny fish were typical of the  
White River country.

## To the School Board Members of Taney County.

The State Agricultural College is  
sending to all the school boards of the  
county outlines and suggestions calcu-  
lated to help meet the food demands  
of the present war situation. Please  
read these plans over very carefully.  
You will be able to get before the  
people of your district the general  
outline of the work to be carried out.

I wish to further recommend that a  
district meeting of the men and wo-  
men and boys and girls be called right  
away to be held at the school house  
for the purpose of taking on this im-  
portant proposition of raising, canning  
and storing as a article of food the  
can possibly be raised this year. Every  
kind of fruit or vegetable, every  
kind of bean, potatoes and all other  
vegetables that are raised can be sold

for a good price this fall.

The boys should be encouraged to  
plant all the vacant patches about the  
place in something that can be canned  
or stored for future use. Each girl  
should agree to raise and can so many  
cans of vegetables, say, a dozen or  
two cans of tomatoes.

Each district should effect an organ-  
ization in order to systematically ascer-  
tain what the district has to sell and  
how much, so you may receive the  
best prices for all surplus products.  
Also, to cooperate to the best advan-  
tage with the agricultural leaders of  
the state. Be sure and elect a com-  
mitteeman to attend the first meeting  
to be held soon at the county seat.

NOW is the time to organize your  
community and everybody get busy  
with the hoe. Unless we all act,  
somebody will go hungry. "YOUR  
COUNTRY NEEDS YOU" as much  
in the field and garden as it does  
in the army and navy. Let's all enlist  
in some department.

Very respectfully,  
JOHN W. BENNETT  
County Superintendent.

## GARBER

Real springtime now everything is  
growing fast, and while the farmers  
were delayed last week with rain in  
their planting, they are busy now,  
while some have corn up and almost  
ready to work.

Mrs. M. A. Craig of Branson came  
to Garber Monday evening and visited  
with Mrs. Ross and Harry Cowleys  
folks until Wednesday.

Mrs. Ross is much worse this last  
week and is again confined to her bed.  
It was hoped that with the warmer  
weather she would regain her health  
and it is a sad disappointment to her  
as well as to her friends that she has  
to take her bed again.

Warren Sutherland who has been  
working for a bridge crew ever since  
last summer was severely hurt Monday  
morning by the falling of a block of  
timber that struck his head and was  
taken to Reeds Spring where Dr. Shu-  
mate gave him emergency treatment  
before he was taken on the train to the  
hospital at St. Louis. His scalp was  
cut in two or three places and con-  
cussion of the brain was feared. James  
E. Cox and Mrs. Sutherland and Guy  
went up on the local and were with  
him a couple of hours before they took  
him away, Mr. Cox and Guy returning  
home that evening while Mrs. Suther-  
land stayed at Reeds Springs to come  
home next day.

Mrs. Ella Cantwell received a new  
piano last week for her little daughter,  
Merl, who will take music lessons from  
Miss Mariam Lynch during the sum-  
mer.

George D. Hall of Melva came to  
Garber Saturday evening and stopped  
long enough to visit Mrs. Ross and he  
said that his wife and daughter had  
come and they were keeping house  
again at Melva.

The family of Green Brantley who  
live on Fall Creek close to T. S. Pow-  
ells have had a serious time with the  
measles. First Mr. Brantley took  
down with them and later the entire  
family and we have had to have help  
from the neighbors in caring for them.

We have heard no more wolf talk  
of late but, doubtless, they are yet in  
the woods. But as our Branson editor  
seems to give warning to the people  
for fear of attack, we must say that we  
do not think there is the least danger  
as it is impossible for a person to get  
within gunshot of them without from  
some secluded place where they can  
neither get sight nor smell of you and  
then, again, there is no danger for  
persons as the wolves have plenty of  
food from the rabbits, pigs, goats and  
other animals. They are very shy ani-  
mals and will run at the sight of a per-  
son and make their escape so let our  
Branson people not stay at home on  
that account.

That speculators are getting in their  
best work now on food staples of all  
kinds is evidenced by the market re-  
ports of New York on sugar and while  
the raise has been 50 cents on the  
hundred there it has flown to dollars  
in the country, and we are glad to note  
that Uncle Sam is to take part in the  
deals from now on. But then the  
garden stuff is coming on and the stock  
can now live on the range so we can  
have a partial relief from the plungers  
and gamblers. That there is a short-

age in wheat cannot be denied but  
with Canadian wheat admitted free now  
there is no need of it all being gobbled  
up by the speculators.

Many people seem to think that we  
are in a serious danger from the Ger-  
mans, and while it is not possible for  
them to get to us from the other  
side they seem to think there is enough  
here to do some harm.
